EDUCATION

03/2023 - 09/2023

IVIETTECH - PROGRAMMING TRAINING CENTER

MAJOR: PHP Programmer

RANK: Excellent

OBJECTIVE

I am a software technology major at Duy Tan University, I discovered my passion for programming. To further enhance my skills, I enrolled in a website programming course with PHP&MySQL at the iViettech programming training center. Throughout my studies, I had the opportunity to participate in real projects that not only helped me gain practical experience but also allowed me to improve my skills.

I am passionate about becoming a programmer and I am willing to learn as much as possible to fulfill my duties. I'm looking forward to joining your company as an intern in PHP WordPress. I am committed to continuous learning, acquiring new skills, and gaining additional experience to contribute to the growth and development of the company.

TECHNICAL SKILLS

Web Developer

- Diligently utilize the ability to create, read, update, and delete data from the database.
