EDUCATION

03/2023 - 09/2023
IVIETTECH - PROGRAMMING TRAINING CENTER
MAJOR: PHP Programmer
RANK: Excellent

2021 - 2025
DUY TAN UNIVERSITY
MAJOR: Software Technology

OBJECTIVE

I am a Software technology major at Duy Tan University, I have been passionate about programming since high school, and I decided to major in Software technology at Duy Tan University. During my university studies to further enhance my knowledge and skills, I enrolled in a website programming course with PHP and MySQL at the iViettech programming training center. Throughout my studies, I had the opportunity to participate in real projects that not only helped me gain practical experience but also allowed me to improve my skills.

I am passionate about becoming a programmer and willing to learn as much as possible to fulfill my duties. I'm looking forward to joining your company as an intern in Backend development. I am committed to continuous learning, acquiring new skills, and gaining additional experience to contribute to the growth and development of the company.

TECHNICAL SKILLS

Web Developer

- Have basic skills in Jwt authentication & authorization.
- Have basic skills in responsive design.
