EDUCATION

03/2023 - 09/2023

IVIETTECH - PROGRAMMING TRAINING CENTER
MAJOR: PHP Programmer
RANK: Excellent

OBJECTIVE

I am a software technology major at Duy Tan University, I am very passionate about programming. To further enhance my skills, I enrolled in a programming website development course at the iViettech programming training center. Throughout my studies, I had the opportunity to participate in real projects that not only helped me gain practical experience but also allowed me to improve my skills.

I am passionate about online work and programming, and I am eager to learn as much as possible to fulfill my tasks. I am very much looking forward to joining your company with a working part-time online position.

I am committed to continuous learning, acquiring new skills, and accumulating experience to contribute to the growth and development of the company.

TECHNICAL SKILLS

Working with API

- Know how to use Facebook's API to quickly post updates.
- Know how to use the ChatGPT API to integrate into the website of the project.
- Know how to use Facebook's API to create a chatbot on Facebook.
